Collaboration Solutions Quality Survey

We want to hear your opinions about the IBM software used within your organizations. The best way to drive change in areas that are important to you and help us deliver products of the quality you expect is to speak up through our ongoing quality survey. Results of surveys are provided to the Development organization as part of an iterative development process. You have a chance to help shape the future of IBM software. We invite you to participate in our survey.

Important Reminder

On Friday, February 22, 2013 @ 4:00 PM Eastern Standard Time, Social Business Online will be shut down, please plan accordingly. We invite you to join the Social Business user group community, <http://socialbizug.org>, where you will have continued access to conference session PDFs along with other information provided to the larger Social Business community. And, videos of many sessions continue to be available on the IBM Software Livestream Channel <http://www.livestream.com/ibmssoftware>.

Part 3 of PDFs by track are ready for download!

All PDFs currently available have been added to the below zipped files. Any new PDFs will be zipped up and provided as new links so you don't have to download the whole zipped by track file again.

Presentations (PDFs) Are Here!

All PDFs will be available to download by tracks on February 5th.

The Presentations (PDFs) for the breakout sessions are now being made available. Not all of the presentations are in yet, we are adding them as we receive them. You can find the presentations in the Session Scheduler under the Agenda tab on Social Business Online. The PDFs are attached to their respective breakout sessions. While on site, you can print the PDFs at the Social Business Online kiosks in the Swan Mockingbird Foyer and N. Hemisphere Foyer.

Please note: Any files downloaded from this site should be reused only at the express permission of the document author and with citation of the original presentation.

Go Mobile Now with Social Business Online!

Native applications have been developed for many market leading mobile devices, so you can view sessions, see sponsor information, look up exhibitors and more. You can sync your schedule across all of your devices using your Social Business Online account. Just install the native application on each of your devices and watch the schedule sync up seamlessly. Your device not supported? Then try connecting to our IBM Traveler servers to sync your schedule that way. You can also download your schedule from My Schedule on Social Business Online as an iCAL file.

Apple iPad/iPhone/iPod Touch:

iOS App now available in the App Store as Social Business Online Mobile 2013

Google Play Store Android Devices:

Android App now available in the Google Play Store as Social Biz Online Mobile 2013

Non-Google Play Store Android Devices:

Download the Android App for Non-Google Play Store Devices (Please note: These devices are not officially supported, but the app is functional on the Amazon Kindle Fire First Edition)

Go Mobile with IBM Connections!

Download the IBM Connections apps from their respective app stores for Android, iOS, and Blackberry to go mobile with Connections. Use <http://c.socialbizonline.com/mobile> as the Server address when creating your Connections Mobile account for Social Biz Online. Use your Social Biz Online credentials for the user name and password.

If you already have Connections Mobile installed on your device, be sure you have applied any app updates first. Then go to Switch or Add Account under the My Account view. Add (+) a new My Company's Server type account. Use the already mentioned URL as the server and your Social Biz Online credentials. **Be sure to use http and do not use https with the URL!**
